---

## **Alta Peak Chapter Plant Sale Saturday, October 2, 9:00-4:00 Three Rivers Arts Center, North Fork Dr.**

Intermountain Nursery, in Prather, will provide the native plants for this sale. They have been propagating local native species for almost 20 years. We have edited their plant list to include only plants suited to the climate and elevations in the foothill areas. If there are plants you would like to order that are not on this list, please list the botanical name and quantity on a separate sheet and we will try to order them.

All preorders must be received by September 18<sup>th</sup>. Mail your orders along with a 50 percent deposit to Janet Fanning, 41118 Blossom Drive, Three Rivers, CA 93271. If you have questions, please call her at (559) 561-3461. You may also arrange to pick up your order on Friday afternoon, Oct 1.

### **Volunteers Needed for Plant Sale**

We will need help on Friday, Oct 1, to organize the plants, pull the orders, attach price labels, and tidy up the area. At the same time you can pick up the plants you ordered and add to your order, a perk for helping. Saturday we will need knowledgeable people to answer questions and help with the sale, especially between the hours of 9-12. This is the big rush time. Please fill in the time on your order form that you will be available to help. WE NEED YOU.

### **Cancellation Notice**

The propagation workshop scheduled for Saturday, September 18, has been cancelled/postponed. This is Intermountain Nursery's busiest season and they want to do this program at a later date, perhaps in the evening, or as part of a general meeting. As soon as the Art Center reconstruction is completed, we will work out another time for this workshop.

**DEDICATED TO THE PRESERVATION OF THE NATIVE FLORA**

The California Native Plant Society is a statewide non-profit organization of amateurs and professionals with a common interest in California's native plants. The Society, working through its local chapters, seeks to increase understanding of California's native flora and to preserve this rich resource for future generations. Membership is open to all.

Membership includes informative publications, free field trips and monthly programs and discounts on books and posters. Also included are *Fremontia*, a quarterly journal with articles on all aspects of native plants, the *Bulletin*, a quarterly statewide report of activities and schedules, and the chapter newsletter. Please call the membership chairperson for more information.
