Plant pick up will be on the day of the fall plant sale Saturday, October 5, 2019 after 9:00 am.

--Members receive a 10% discount on plants and 20% off book purchases--

We appreciate your support!

*Please Note: Native plants will also be available for purchase at the Annual Foothills Festival on Saturday November 2nd at River Ridge Ranch in Springville.

Because autumn is the best season to plant California native plants, we will once again be bringing to you a wide assortment of beautiful, hardy native plants! More than anyone, our chapter members realize that native plants succeed and thrive in the foothills of the Sierra Nevada. Well-chosen drought tolerant native plants are survivors, having adapted to this sometimes unforgiving climate (as I am writing this, temperatures are soaring at 110F!). These plants fit both aesthetically as well as physiologically. Each bit of created habitat as well as protected wildlands provide critical food and shelter that sustains the varied wildlife dependent on it.
